

New Yorkers For A Day Or Two

"Safety First" Convention in Detroit Is Solving a National Problem.

By Roger Batchelder.

"Safety First," whether in the home, on the streets or anywhere else, will dominate Detroit to-day and until the end of the week, when the Safety Congress closes its annual sessions there, according to Henry T. Pillsbury, at the Baltimore from that city.

"There are conventions somewhere every day in the year," Mr. Pillsbury asserted, "but they are all for the benefit of specific industries, professions or trades. But there is only one opportunity in every twelve months for these groups to get together and discuss experiences and problems that concern the saving of life."

"The present convention will analyze the situation as a national problem. The eleventh Safety Congress will be the biggest yet, and that has been true of each which preceded it. Each has been better and bigger than that before, for the American people are taking an increasing interest in the ever-increasing scope of the safety movement."

SUNSHINE COSTS MONEY.
Every one who comes from California remarks on the sunshine which has made the State renowned, but finally we learn that it costs money—even in the place where it seems to grow.

"An amusing incident was told me by a friend who was trying to find an apartment," relates Mrs. A. E. Goff, at the Pennsylvania from San Francisco. "She was trying to find an apartment without paying exorbitant rent, and while looking over a cramped suite of rooms she complained that the price was too high."

"But just look at the wonderful sunshine you get," the landlady protested. "Wonderful California sunshine! Is it not worth the price?"

THE THIRSTY TOURISTS.
"We have seen more New York motorists this year than ever before," reported C. M. Stanton, who lives near Bennington, Vt., and is at the Commodore. "A large number have always drifted from the State and come to Vermont, but this year hundreds have visited the Green Mountains and continued north instead of going toward home again. The often expressed reason was the law of Quebec, which makes it possible for even an American to forget the liquor restrictions of his native land."

MISSISSIPPI'S WOMAN CANDIDATE.

The only woman who is running for the United States Senate is Miss Belle Kearney of Mississippi, who is running against two male aspirants, ac-

According to H. H. Cateed, who is at the Pennsylvania from Pickens, Miss. "I understand that she is a very fine woman," he said, "and the only thing I have against her is that she is not married. If any woman in Mississippi remains single, she has only herself to blame."

FARTHEST FROM HOME.
The "New Yorker for a Day or Two" who is farthest from home to-day is H. B. Doyle, who is at the Baltimore. His home town, Honolulu, is about 5,600 miles from Broadway.

BROTHER R. AUSTIN.
The Rev. Brother R. H. Austin, a member of the Order of Christian Brothers, died yesterday in De La Salle Institute, No. 105 East 94th Street. Funeral services will be held in St. Patrick's Cathedral Wednesday morning. Brother Austin's name before he joined the order was William Roach.

Corns Go

Just say **Blue-jay** to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it!) and in extra thin plasters. The action is the same.

Pain Stops Instantly
